

Superior Kitchens

Company Profile

Mission Statement ...

To provide all Australians with a superior kitchen manufacturing experience through delivering quality products & consistently surpassing all expectations.

Brief...

About the Company. Founded in 1993, Superior Kitchens is one of the leading manufacturers of high quality kitchens, bathrooms and customized solutions for both private jobs and builders alike.

Our team have a collective experience of well over 100 years in the development and manufacturing of quality cabinetry. Combined with our vast knowledge of the building trade and business, we have the ability to bring you expert advice, and products and services of the highest quality.

With nearly four decades of operational and management experience, Karl Damien has developed a sharp eye for how business to business relationships succeed and believes that it all comes down to reliability. Karl has been a Managing Director of many successful companies in a range different fields including Insurance, Finance, Legal, Import/Export, Construction and Property Development.

In 1993, whilst running other companies, Karl made the move into quality cabinet making and specialized in high end, custom, private work. This Company formed part of Interpacc Pty. Ltd. Some of these jobs were in the hundreds of thousands of dollars. Over the years, many of the kitchens and bathrooms that have been built by Interpacc have featured in advertisements for suppliers and his work was no stranger to magazine articles also.

In 2008, whilst still dedicated to the private work, Karl established Superior Kitchens Pty. Ltd. With this he made the move into the builders market and also shifted the majority of his focus to providing not only quality kitchens, but a business proposition that has seen this company become one of the fastest growing small companies in the country with factories in Sydney and Perth.

Some of Superior Kitchens partnerships include Champion Homes, Fred Rose Bathrooms, 101 Residential, Cherco pty. ltd, Dickinson Property, Fowler Homes, Firstyle Homes, plus many more very satisfied customers.

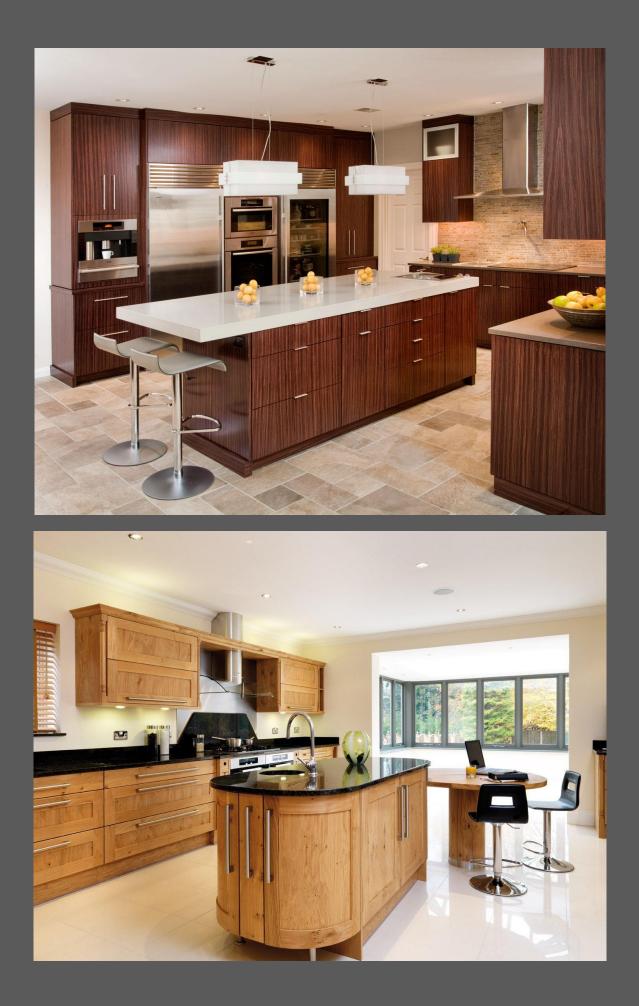

Superior Kitchens has invested millions of dollars into its two factories and with state-of-the-art technology and machinery plus some of Australia's finest cabinet makers behind them, you can be assured an all round superior experience.

Now, with 15 staff, 2 factories, several trucks and hundreds of satisfied customers, Superior Kitchens is the first choice in cabinetry.
